### SECTION 1: Identification

1.1. **Product identifier**
   - **Product name**: Stainless Steel Cleaner & Polish
   - **Product code**: 02C, 02CA

1.2. **Recommended use and restrictions on use**
   - **Recommended use**: Cleaner

1.3. **Supplier**
   - **Manufacturer**: Weiman Products
     - 755 Tri-State Parkway
     - 60031 Gurnee, IL
     - T 1-800-837-8140
   - **Distributor**: Manitoulin Warehouse and Distribution
     - 7035 Ordan Drive
     - Mississauga, Ontario, L5T 1T1
     - Tel: 905 283-1630 Fax: 905 565-0575

1.4. **Emergency telephone number**
   - **Emergency number**: 1-800-535-5053

### SECTION 2: Hazard identification

2.1. **Classification of the substance or mixture**
   - **Classification (GHS-CA)**
     - Flam. Aerosol 2  H223
     - Press. Gas (Liq.) H280

2.2. **GHS Label elements, including precautionary statements**
   - **GHS-CA labelling**
     - **Hazard pictograms (GHS-CA)**: GHS02, GHS04
     - **Signal word (GHS-CA)**: Warning
     - **Hazard statements (GHS-CA)**: H223 - Flammable aerosol
       - H280 - Contains gas under pressure; may explode if heated
     - **Precautionary statements (GHS-CA)**: P210 - Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking
       - P211 - Do not spray on an open flame or other ignition source
       - P251 - Do not pierce or burn, even after use
       - P410+P403 - Protect from sunlight. Store in a well-ventilated place
       - P410+P412 - Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F

2.3. **Other hazards**
   - No additional information available

2.4. **Unknown acute toxicity (GHS-CA)**
   - Not applicable

### SECTION 3: Composition/information on ingredients

3.1. **Substances**
   - Not applicable

3.2. **Mixtures**
   - This mixture does not contain any substances to be mentioned according to the criteria of section 3.2 of WHMIS 2015

### SECTION 4: First-aid measures

4.1. **Description of first aid measures**
   - **First-aid measures after inhalation**: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell.
   - **First-aid measures after skin contact**: If irritation occurs, flush skin with plenty of water. Get medical attention if irritation persists.
   - **First-aid measures after eye contact**: In case of contact, immediately flush eyes with plenty of water. Remove contact lenses, if worn. If irritation persists, get medical attention.
First-aid measures after ingestion: If swallowed, do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Get medical advice/attention if you feel unwell.

**4.2. Most important symptoms and effects (acute and delayed)**

| Symptoms/injuries after inhalation | May cause respiratory tract irritation. |
| Symptoms/injuries after skin contact | May cause skin irritation. Symptoms may include redness, drying, defatting and cracking of the skin. |
| Symptoms/injuries after eye contact | May cause eye irritation. Symptoms may include discomfort or pain, excess blinking and tear production, with possible redness and swelling. |
| Symptoms/injuries after ingestion | May be harmful if swallowed. May cause stomach distress, nausea or vomiting. |

**4.3. Immediate medical attention and special treatment, if necessary**

Other medical advice or treatment: Symptoms may not appear immediately. In case of accident or if you feel unwell, seek medical advice immediately (show the label or SDS where possible).

**SECTION 5: Fire-fighting measures**

**5.1. Suitable extinguishing media**

Suitable extinguishing media: Treat for surrounding material.

**5.2. Unsuitable extinguishing media**

Unsuitable extinguishing media: Do not use water jet.

**5.3. Specific hazards arising from the hazardous product**

| Fire hazard | Flammable aerosol. Products of combustion may include, and are not limited to: oxides of carbon. |
| Explosion hazard | Heat may build pressure, rupturing closed containers, spreading fire and increasing risk of burns and injuries. |

**5.4. Special protective equipment and precautions for fire-fighters**

Firefighting instructions: Cool closed containers exposed to fire with water spray.

Protection during firefighting: Keep upwind of fire. Wear full fire fighting turn-out gear (full Bunker gear) and respiratory protection (SCBA).

**SECTION 6: Accidental release measures**

**6.1. Personal precautions, protective equipment and emergency procedures**

General measures: Use personal protection recommended in Section 8. Isolate the hazard area and deny entry to unnecessary and unprotected personnel.

**6.2. Methods and materials for containment and cleaning up**

For containment: Eliminate sources of ignition. Contain and/or absorb spill with inert material (e.g. sand, vermiculite), then place in a suitable container. Do not flush to sewer or allow to enter waterways. Use appropriate Personal Protective Equipment (PPE).

Methods for cleaning up: Scoop up material and place in a disposal container. Provide ventilation.

**6.3. Reference to other sections**

For further information refer to section 8: "Exposure controls/personal protection".

**SECTION 7: Handling and storage**

**7.1. Precautions for safe handling**

Precautions for safe handling: Keep away from sources of ignition - No smoking. Avoid contact with skin and eyes. Avoid breathing dust/fume/gas/mist/vapors/spray. Do not swallow. When using do not eat, drink or smoke. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use.

Hygiene measures: Launder contaminated clothing before reuse. Wash hands before eating, drinking, or smoking.

**7.2. Conditions for safe storage, including any incompatibilities**

Technical measures: Proper grounding procedures to avoid static electricity should be followed.

Storage conditions: Keep out of the reach of children. Do not expose to temperatures exceeding 50 °C/ 122 °F. Store away from direct sunlight or other heat sources. Store in a well-ventilated place.

**SECTION 8: Exposure controls/personal protection**

**8.1. Control parameters**

No additional information available

**8.2. Appropriate engineering controls**

Appropriate engineering controls: Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, etc.) below recommended exposure limits.
Environmental exposure controls: Maintain levels below Community environmental protection thresholds.

8.3. Individual protection measures/Personal protective equipment

Hand protection:
Wear chemically resistant protective gloves.

Eye protection:
Safety glasses or goggles are recommended when using product.

Skin and body protection:
Wear suitable protective clothing

Respiratory protection:
In case of insufficient ventilation, wear suitable respiratory equipment. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

Other information:
Do not eat, smoke or drink where material is handled, processed or stored. Wash hands carefully before eating or smoking. Handle according to established industrial hygiene and safety practices.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

9.2. Other information
No additional information available

SECTION 10: Stability and reactivity

10.1. Reactivity

Reactivity: No dangerous reaction known under conditions of normal use.

Possibility of hazardous reactions: No dangerous reaction known under conditions of normal use.

Conditions to avoid: Heat. Incompatible materials. Sources of ignition.

Incompatible materials: Strong oxidizing agents.

Hazardous decomposition products: May include, and are not limited to: oxides of carbon.

Stainless Steel Cleaner & Polish

Vaporizer | Aerosol

Symptoms/injuries after inhalation : May cause respiratory tract irritation.
Symptoms/injuries after skin contact : May cause skin irritation. Symptoms may include redness, drying, defatting and cracking of the skin.
Symptoms/injuries after eye contact : May cause eye irritation. Symptoms may include discomfort or pain, excess blinking and tear production, with possible redness and swelling.
Symptoms/injuries after ingestion : May be harmful if swallowed. May cause stomach distress, nausea or vomiting.

SECTION 12: Ecological information

12.1. Toxicity

Ecology - general : May cause long-term adverse effects in the aquatic environment.

12.2. Persistence and degradability

12.4. Mobility in soil

No additional information available

12.5. Other adverse effects

No additional information available

SECTION 13: Disposal considerations

13.1. Disposal methods

Product/Packaging disposal recommendations : This material must be disposed of in accordance with all local, state, provincial, and federal regulations. The generation of waste should be avoided or minimized wherever possible.
Additional information : Flammable vapours may accumulate in the container. Do not incinerate empty containers.

SECTION 14: Transport information

14.1. Basic shipping description

In accordance with TDG

Transportation of Dangerous Goods

**SECTION 15: Regulatory information**

**15.1. National regulations**
All components of this product are listed, or excluded from listing, on the Canadian DSL (Domestic Substances List) and NDSL (Non-Domestic Substances List) inventories.

**15.2. International regulations**
- No additional information available

**SECTION 16: Other information**

- Date of issue: 02/16/2017
- Revision date: 02/08/2019
- Other information: None.
